SUMMARY

I am a Full-Stack developer based in Gujarat, India. I am an **Information Technology** undergraduate from **Ganpat University**. I am very passionate about improving my coding skills & developing **applications & websites**. I build **Web Apps** and Websites using **MERN Stack**. Working for myself to improve my skills. Love to build Full-Stack clones.

Self Employed, Full Stack Developer   Jan 2025 - Present

- Versatile Skillset: Proficient in front-end and back-end technologies, including frameworks like React, Angular, Node.js, and Django, delivering end-to-end web solutions.
- Independent Project Management: Excels in handling all aspects of development, from requirement gathering and design to deployment and maintenance, ensuring timely and high-quality results.

Agnirva AI Internship Program - Fast Track | Internship   Nov 2024 - Dec 2024

- Accelerated Learning Path: Gain hands-on experience in cutting-edge AI technologies through a fast-paced, immersive curriculum designed to enhance your skills in machine learning, data science, and AI development.
- Industry-Relevant Projects: Work on real-world projects guided by industry experts, enabling practical application of AI concepts and tools while building a strong portfolio. Professional Growth.
- Opportunities: Benefit from mentorship, networking with professionals, and potential career pathways in AI and tech industries upon successful completion.

SKILLS & ABILITIES

Skills

- Proficient in **MERN Stack (MongoDB, Express.js, React.js, Node.js)**
- Strong knowledge of **JavaScript (ES6+), HTML5, CSS3, Tailwind CSS**
- Experience with **RESTful APIs** and **JWT Authentication**
- Familiar with **Vite, Redux, Context API, and React Hooks**
- Database management with **MongoDB & Mongoose**
- Version control using **Git & GitHub**

Abilities & Strengths

- Problem-solving mindset with focus on **clean and maintainable code**
- Ability to **design and build responsive, user-friendly UIs**
- Strong **debugging and optimization** skills
- Skilled at **collaborating in team projects** as well as working independently
- Quick learner, adaptable to new technologies and frameworks
- Strong communication skills for **explaining technical concepts clearly**

ADDITIONAL INFORMATION

- **Technical Skills:** Project Management, Frontend Frameworks and Libraries, Backend Development, Version Control and Collaboration Tools
- **Languages:** English, Hindi, Gujarati
- **Certifications:** Digital Productivity by LinkedIn Learning, AI Internship Program by Agnirva
- **Publications or Projects:** Portfolio URL, GitHub

EDUCATION

Bachelor of Science in Computer Applications & Information Technology   **July 2023 - Pursuing**

Department of Computer Science Ganpat University

- **Web Development Skills**: Students gain expertise in web technologies such as **HTML**, **CSS**, **JavaScript**, **PHP**, and frameworks like **React** and **Angular**. They also learn to work with databases and server-side tools for full-stack development.
- **Multimedia and Animation Tools**: The program introduces software like **Adobe Photoshop**, **CorelDRAW**, and **Adobe After Effects**, empowering students to create visually engaging multimedia content and animations.
- **Comprehensive IT Training**: Core subjects include programming languages, networking, and software development, providing a strong foundation for careers in IT, web design, and multimedia industries.
